

the Best Care for Mom Et Dad

Cane Poles & Carp!

We were so happy to be able to get back on the water. This year hasn't been the easiest with the weather, floods, temps & boat repairs. We were even able to snag this big carp to make up for missed time.

Staying Safe Together

While the CDC has loosened their guidelines for other healthcare facilities and the general public, CMS regulations have not changed for Long Term Care facilities. If one resident tests positive for Covid, it puts us in outbreak status, requiring us to take steps to prevent the spread of illness by wearing masks, asking residents to stay in their rooms,

and testing staff and residents for extended periods.

Please refrain from visiting if you have any symptoms of Covid. A visitor may think they have a cold or allergies and after they have visited their loved one find out it is Covid.

Please reach out if you have any questions.

Volunteer Wanted We are looking for volunteers to help keep the birdfeeders around our facility filled. Please visit with Kayla (402-443-4685, ext 362) if you would like to donate birdseed or are available to walk around the building and fill the feeders outside residents' rooms.
